Middlesex  
HA1 2JG

**Headteacher:** Mr. Paul Gamble

**RE: Year 11 Intervention Timetable 2022-23**

Beginning on **Monday 26th September**, we will start our after school intervention programme for Yr 11. These sessions are designed to boost performance of all/targeted learners and ensure they are well equipped to perform highly in the upcoming national exams in 2023.

When subjects are allocating sessions to targeted learners, the names will be communicated to both learners and parents via email. Learner attendance will be compulsory, when a learner has been targeted for more than one subject (we will try and limit this via shared communication internally) then the learner will pick the subject to attend and inform Mr Corner of the clash.

<b>Day</b>	<b>Subject</b>	<b>Who</b>
Monday	Options and Mathematics	Targeted Learners
Tuesday	RS	Targeted Learners
Wednesday	Science	Targeted Learners
Thursday	English	All Learners
Friday	Options	Targeted Learners

Can I take this opportunity to reference a fantastic resource on our website which is aimed at learners and parents in regards to preparing for the upcoming exams. Many of our successful learners last year mentioned how useful they found this resource.
