

# Relationship & Sex Education Policy

**Approved by Governors Curriculum Committee: Jan 23**

**Review date: Autumn 2024**

**Responsible for review: Kevin Patel**

## 1. Aims

The aims of relationships and sex education (RSE) at our school are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

## 2. Statutory requirements

As a secondary academy school we must provide RSE to all pupils as per section 34 of the Children and Social work act 2017.

In teaching RSE, we are required by our funding agreements to have regard to guidance issued by the secretary of state as outlined in section 403 of the Education Act 1996.

At Harrow High School we teach RSE as set out in this policy.

## 3. Policy development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Staff consultation – all staff who deliver RSE, and the pastoral team were given the opportunity to look at the policy and make recommendations
2. Parent/stakeholder consultation – parents and any interested parties were invited to attend a meeting about the policy
3. Pupil consultation – we investigated what exactly pupils want from their RSE
4. Ratification – once amendments were made, the policy was shared with governors and ratified

## 4. Definition

RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information, and exploring issues and values.

RSE is not about the promotion of sexual activity.

## **5. Curriculum**

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary. We have developed the curriculum in consultation with parents, pupils and staff, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

## **6. Delivery of RSE**

RSE is taught within the Personal Development (PD) curriculum in dedicated PD lessons, assemblies, and tutor time. Biological aspects of RSE are taught within the Science curriculum, and other aspects are included in Religious Education (RE) curriculum.

Pupils also receive stand-alone sex education sessions delivered by a trained health professional.

RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds including:

- Families
- Respectful relationships, including friendships
- Online and media
- Being safe
- Intimate and sexual relationships, including sexual health

For more information about our RSE curriculum, see Appendix 1.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

## **7. Roles and responsibilities**

### **7.1 The governing board**

The governing board will approve the RSE policy, and hold the headteacher to account for its implementation.

### **7.2 The headteacher**

The headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory components of RSE (see section 8).

### **7.3 Staff**

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the headteacher.

Kevin Patel (Deputy Headteacher) is the STL Lead for Coordinating RSE at Harrow High School. Salma Assadi and Hena Tasnim (Heads of Personal Development for Year 7-11, and Sixth Form respectively) Michelle Bowen (Head of Student Development) and Abdul Said (CTL for Science) are responsible for the delivery of the RSE curriculum.

### **8. Parents' right to withdraw**

Parents have the right to withdraw their children from the non-statutory components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher. A copy of withdrawal requests will be placed in the pupil's educational record. The headteacher will discuss the request with parents and take appropriate action. Alternative work will be given to pupils who are withdrawn from sex education.

### **9. Training**

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar. The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

## **10. Monitoring arrangements**

The delivery of RSE is monitored by SLT through learning walks, book scrutiny, lesson observations, and learner feedback. Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems. This policy will be reviewed by Governors every 2 years. At every review, the policy will be approved by Curriculum committee
