

Co-curricular activities are significant to young people and result in a range of positive outcomes. They often serve as great support to regular curriculum, boost young people's confidence and provide them with new skills and knowledge. It is an ambition of the school to provide learners with a large, and broad variety of opportunities that complement, and enhance the academic curriculum.

I am proud to inform you that the Co-curricular Activities Programme at Harrow High School offers an impressive variety of activities the majority of which take place before and after school, as well as, during both breaks. Furthermore, there is a number of activities aimed at identified learners which are offered during lessons. The Co-curricular Activities Programme can be accessed on our website.

I would like to thank our dedicated staff in charge of the activities, for their generous offers, inspiration and commitment. You create and drive the Co-curricular Activities Programme and have a massive impact on our learners' development.

Mr C. Preda
Associate Headteacher Inclusion
